Quihi defeated Camp Normyle
in a fast game of baseball played
on the Quihi diamond, July 11. Camp
Normyle scored two runs, Quihi
three. Oefinger for Quihi pitched
a splendid game, allowing only two
hits and striking out twelve men.
Next Sunday Quihi will play LaCoste.

A fine rain of .5 of an inch fell
here Tuesday morning. The rain
was preceded by the highest tempera-
ture of the season, 102. Following
the rain there was a sudden drop
to 86. The rain was timely and
will be greatly beneficial to growing
crops.

Mr. and Mrs. Arthur Wiede stopped
over from Friday until Sunday
and visited Mrs. Wiede's parents,
Mr. and Mrs. C. R. Gaines, while en-
route home to Lockhart from a visit
to the coast country. They left for
home Sunday.

A TIME TO BE VIGILANT.

"Eternal vigilance is the price of
liberty."

Likewise—of political safety!

Two years ago, after three hard-
fought battles at the ballot-box, the
enemies of free-government in Texas
were routed and the rule of law and
order restored to the people.

But rallying in secret conclave,
these self-styled and self-prided sub-
jects of the invisible empire are
throwing their united strength to
what they regard as the largest body
of disgruntled recalcitrants in the
hope of defeating Mrs. Ferguson and
at the same time placing the suc-
cessful candidate under obligations to
them.

The same boast will be made of
having encompassed her defeat and
the same obligation to them will be
claimed should either Moody or David-
son be the nominee.

To vote for either Moody or David-
son or to fail to vote for Mrs. Fergu-
son is to sacrifice the hard won
victory of two-years ago and to a-
gain invite the domination of the
invisible empire in our great state.

No amount of sophistry can cover
up the hard, cold facts of this state-
ment.

Men and women, pause before it
is too late; give reason a chance to
grasp the logic of the situation.

Then your better judgment must
assert itself and you will realize
that there must be no turning back
at this crucial moment.

Mrs. Ferguson must be re-elected
and you must help with your vote.

Do not fail to vote for her July
24th.

To fail to vote for her now is to
abandon the fruits of our victory
two years ago and to invite
a return of the ills for which we

OUR GOVERNOR.

turned to her for relief in our hour
of extremity.

Let us be on guard with our bal-
lots July 24th.

Hon. A. J. Durham was in Hondo
Monday in the interest of his candid-
acy for re-election to the State
Legislature. Mr. Durham is well
pleased with his prospects over the
district.

pment.

DANCE

JULY 24th.

Everybody Invited.

Owing to too many other divers-
ions in town last Monday night, the
benefit concert at the auditorium,
under the auspices of the Fire De-
partment, was not very well attend-
ed and the returns were very dis-
appointing. Those who attended
were rewarded by a pleasing enter-
tainment, Misses Ringo and Graham
both being artists in their lines.

FROM THE BANDERA NEW ERA.

Mr. and Mrs. A. C. Thallman were over from Hondo to attend the reunion.

Capt. Chas. de Montel and daughter were glad to greet him at the reunion. Captain Montel greatly enjoyed the big meeting with his old time friends.

Capt. Seco Smith's many friends were glad to greet him at the reunion also Friday. Captain Smith who is now in his 91st year, is getting quite feeble, but his mind is clear and he talks very interestingly of early day events.

Mr. and Mrs. Willie Ziegenbalg and children, of Hondo, were here to attend the reunion. Mr. Ziegenbalg is an enthusiastic reader of Frontier Times, and says he would not be without the little magazine.

FOURTH OF JULY VISITORS.

Among the visitors at the home of Captain and Mrs. Ben Battie last Sunday were Mr. and Mrs. Leo Mandry and children, Mrs. Mary Umehold, Mrs. Hartwell, Ed. Pytel, Emil Huhn, Mr. Dorsey, all of San Antonio, Mr. and Mrs. Will Ziegenbalg and family of Hondo, and Captain and Mrs. Battie of LaGrange. The party enjoyed a splendid Fourth of July dinner given in honor of Mr. and Mrs. Battie. Mrs. Hartwell, who is a specialist in the treatment of cancer, treated and cured Captain Battie of this dread affliction some time ago, removing the cancer completely, and her presence in the party added much to the pleasure of Captain and Mrs. Battie on this occasion.

MARRIED.

Last Tuesday morning about 9 o'

clock a very pretty church wedding

took place in Bethlehem Lutheran

church at Quihi, Reverend C.

P. Haskarl, pastor of the church

officiating. The groom and bride

of the occasion were Mr. Charley J.

Lindeburg and Miss Lydia Neitenhoefer of New Fountain. Both of

these young people are widely and

favorably known in their own and

adjacent communities, where they have

many relatives and friends who wish

them joy and godspeed on their mu-

tal way through life. The groomsmen

was Mr. Emil J. Lindeburg, a

cousin of the groom and the brides-

maid Miss Ella M. Neitenhoefer, a

cousin to the bride. Aside of the

bridal party quite a large number of

relatives were present in the church

congregation was, unceremoniously and
without further announcement, entered
by members and friends of the
League, who stated their
intention of having a party. Rev.
Mrs. Grueber, with a fine show
of enthusiasm and sportsmanship,
fully recovered from their surprise
entered into the spirit of the fun.
lights and chairs were soon ar-
ranged on the lawn and for some
shouts of laughter and merriment
filled the air—indisputable
mony that all were enjoying the

refreshments of ice cream and
were served after which the
president of the League, in
well-chosen words, presented
and Mrs. Grueber with a set
of silver tea spoons in appreciation
of the work and friendship which
had rendered the League during
their stay here. Rev. Grueber
ended with fitting words of
cherished remembrance in years

BIG TIME AT DEL RIO.

DEL RIO, Tex., July 13.—Yip, hi, yi, the Waddies are hitting the trail for Del Rio. They are coming for the convention and sale of the Texas Sheep and Goat Raisers' Association and the city's seventh annual rodeo and Frontier Day celebration.

Del Rio promises that it will be the greatest event of its kind ever staged in Texas.

Between 5,000 and 8,000 people are expected. To entertain them the merchants through the Chamber of Commerce have raised \$5,000, while individuals are spending \$2,000 additional for souvenirs and personal entertainment. This will mean an expenditure of virtually a dollar per person for entertainment for the three days, July 27, 28, and 29.

No less than 250 large American flags are being purchased with which to decorate the town. A 100 by 100 stage is being erected for a free dance on each of the three nights and the Rathbone Virginian orchestra of San Angelo hired to furnish the dance music.

Over in Mexico there will be a chuck wagon dinner, served where Volstead is unknown.

Sellers Brothers are staging the rodeo, to which one of the attractions will be Chief Corral of Brenham, a full-blooded Choctaw Indian, who will enter the bronco riding contests. The rodeos will be held each afternoon after the business meeting of the association and in the evening after the dance. Purses of \$2,500 have been posted as prizes.

There will be real buffalo riding, goat roping, bronco riding, wild horse race, calf roping contests, steer bulldogging and every other sport known to the cowboy.

The sales will be held in the mornings. To these sales are being sent sheep and goats from all parts of the United States. The business sessions will be held in the court house in the afternoons. Speakers of national reputation have been secured, headed by Congressman Claude Hudspeth. After the business session each day the lid comes off the town and visitors need not go to the beds the housing committee will have for them unless they want to.

MANY THINK MALARIA NEVER

LEFT SYSTEM.

Until Dodson's Liver Tone Drove

Cut Quarts of Sour Bile

and Other Poisons.

There are entire sections where

everyone seems to think they have

malaria. Others believe they never

fully got the malarial poison out of

their systems.

Arnold Whiteson says: "For years

I took Calomel for the aches, bilious-ness,

headache, constipation and the

deathly feeling associated with what

we believed to be malaria.

Last year I heard about Dodson's

Liver Tone and bought a bottle for

a few cents. Man, man, what a

Godsend. In the morning it drove

out quarts of black, sour bile.

I got back my appetite for food, braced

right up and haven't had a sick

spell since. Whenever I feel a little

bilious or the stomach gets sour,

one dose of Dodson's Liver Tone

is all I need. It is surely a bles-

sing."

Hundreds of others tell the same

experience.

Take a spoonful of Dodson's Liver

Tone tonight and you will wake up

feeling great. No more biliousness,

constipation, sluggishness, headache,

coated tongue or sour stomach. Your

druggist says if you don't find Dod-

son's Liver Tone acts better than

horrible calomel, your money is

waiting for you.

INA OIL COMPANY CORING EDWARDS.

Ina Oil Company was coring the Edwards Lime Wednesday in its No. 1 Hoffman, a wildcat test in Medina County several miles south of Hondo. The first core taken in the Edwards was at 1912. There is a little sulphur odor and the expectation is that within the next 50 feet the well will either be an oil well or sulphur well. This well has two good shallow showings that were thought sufficient to make commercial wells. The Ina Oil Company's wildcat on the Finger tract is drilling with cable tools and is expecting to pick up shallow production at around 900 feet.

North & South drilling its No. 1 Taylor a little north of the Medina Oil Company's Taylor No. 1 has penetrated a 20-foot sand at 220 feet that carried oil. The test is rigged up with heavy type of rig for a deep test and has not stopped to test it out, but the company thinks enough of it that it is moving in a light rig to drill another well down to the 220-foot sand.

Kittle & Townley are pulling the liner in their Bendle No. 1. They have had a showing of oil at approximately 960, but due to water, were not able to take a test. Tarver & Sprague, who drilled the No. 1 Howard on Survey 91, over a mile east of the Henderson & Holden gas wells are rigging up on the J. O. Redus 320-acre tract in Survey 92, which adjoins the Howard tract on the north. The well is located about 3,500 feet due north of the Howard test.

It is reported that some additional tests are to be made in that territory by other operators. Schermerhorn Oil Company has started its third test in that territory southwest of Noonan on the Irrigation Company land. Due to a heavy rain the Sabinal Chamber of Commerce has postponed the barbecue it had planned to hold Thursday to celebrate the spudding in of the Alamo Drilling & Leasing Company's No. 1 Kennedy in western Medina County. —Thursday's Express.

FIG INDUSTRY DEVELOPING IN TEXAS.

Substantial progress is reported in the development of the Texas Farm Bureau Fig Association at Alvin, Texas. A subsidiary corporation, known as the Fig Preserving & Storage Co., and having capital stock to the amount of \$5,000, has been set up and a new plant erected and completely equipped with new machinery for handling the perishable fruit.

About 150 farmers are members of the association, representing more than 14,000 acres of produced figs, with an annual output estimated at 2,000,000 pounds. The marketing contracts run for seven years, beginning with 1914. However, the 1914 crop was not handled, as the organization was not ready in time to receive it.

The assets of the Fig Preserving & Storage Co. include: Real Estate, \$2,500; plant equipment, \$40,000; supplies (sugar, etc.), \$10,000. In addition to the preserving plant, the company will operate a bonded warehouse, which will issue warehouse receipts on the preserved figs, these to be used in turn by the marketing association in making payments to members. Sales will be handled through a Houston firm.

It is reported that there are at least six fig-preserving plants located between Houston and Galveston, Texas. The Magnolia is the only variety of fig grown commercially in this state. It is yellowish to brownish green, when ripe. The Celestial, which is a favorite variety in Louisiana, is much smaller, purple, and is not usually peeled when preserved. California, principally in the Fresno section, grows still another type of fig, which can be allowed to ripen on the tree (because of the dry climate) before it is picked. California ships many more fresh figs than does the Gulf Coast district, because they are higher in sugar content and drier, enabling them to reach distant markets in superior condition.

The fig industry in southeast Texas is growing rapidly, and possibly not more than half the trees have yet come into bearing. Thousands of acres have been planted during the last two years, and several large plantings will be put in this coming winter, according to local reports. This seems to be the one crop best adapted to the fertile, level, coastal plain country of Texas.

MEN.

IT is often said of this or that man that he is a self-made man — that he was born of the poorest and humblest parents, and that with every obstacle to overcome he became great. This is a mistake. Poverty is generally an advantage. Most of the intellectual giants of the world have been nursed at the sad but loving breast of poverty.

MOST of those who have climbed highest on the shining ladder of fame, commenced at the lowest round. They were reared in the straw thatched cottages of Europe; in the log houses of America; in the factories of the great cities; in the midst of toil; in the smoke and din of labor.

FERTILIZING.

By H. M. Madison.

A number of inquiries about fertilizers have been received and an attempt will be made to answer some of these inquiries entirely along the lines of general principles and without any attempt to use scientific phrases or scientific accuracy.

In a general way it may be stated there are three elements in fertilizers and each of these three elements has a purpose. These general elements are as follows:

(1) Nitrates. Their purpose is to produce plant growth.

(2) Phosphates. Their purpose is to bring about fruitage.

(3) Potash. Its purpose is to produce plant health, and quality and size in fruit.

Nitrates are referred to under different names and a brief explanation may be helpful. Some nitrates are mixed, chief of which are nitrates of soda. These come from Chile and are sometimes called Chilean nitrates. A great deal of the controversy about Muscle Shoals has been concerning the "fixation" of nitrates from the air and a great deal has been said in and out of congress about the leasing of Muscle Shoals to Henry Ford or others and thus obtaining cheap fertilizer for farmers.

Another source of nitrates is in barnyard manure. In fact, this has been relied upon for many years by livestock farmers.

The natural source of nitrates is in clovers, cowpeas, and all other leguminous plants. On all such plants is a very small bacteria that attaches itself to hair-like roots and forms a small knot or nodule. In some way this bacteria has the power of taking nitrates from the air and "fixing" them in the soils. This is the reason why clovers, cowpeas, and other leguminous plants are so valuable for increasing the richness of soils.

In addition to this, they supply a certain amount of vegetable matter which is ordinarily called "humus" and which gradually rots and causes looseness in the soils and also makes soils retain moisture better. The fact that there are both nitrates and humus in leguminous plants has caused the word "nitrates" and "humus" to be used sometimes as though meaning the same thing.

The source of phosphates is animal bones and the reason these bones have been collected is to supply fertilizer factories. The fertilizer factory grinds these bones and in this state they are sometimes sold as ground bone. There is, however, another source from which these bones are obtained. There is the so-called phosphate beds. These beds are nothing more than accumulations of fish bones in the midst of sandy rock. In this form phosphates are referred to as rock phosphates.

The fertilizer factory grinds up this rock phosphate and sometimes it is sold in this form.

However, both the ground rock phosphates and the ground bone act very slowly because the bone will not dissolve readily in water.

In order to make the bones readily dissolve in water they are treated with sulphuric acid and after this treatment they are termed "acid phosphates."

In this form they will be quickly used by plants.

The other chief element in fertilizers is potash. There are several sources for this also. One of them is ordinary wood ashes. This form is probably the best that can be used in connection with fruit trees. There are also mines in Germany from which potash is obtained. In this form it is called "kainit." There are similar but smaller mines in other countries of Europe and it is believed there are large beds of potash in West Texas and explorations are now being made to locate them.

It is reported that there are at least six fig-preserving plants located between Houston and Galveston, Texas.

The Magnolia is the only variety of fig grown commercially in this state.

It is yellowish to brownish green, when ripe.

The Celestial, which is a favorite variety in Louisiana, is much smaller, purple, and is not usually peeled when preserved.

SOUTHERN PACIFIC LINES URGE ATTENDANCE AT FARMERS' SHORT COURSE.

Give Rate of Cent a Mile.

Extensive preparations are being made to take care of the large crowds expected at the Seventeenth Annual Farmers' Short Course, to be held at Texas A. & M. College at College Station, August 2nd to 7th, according to J. L. McGregor and H. M. Madison, agricultural agents of the Southern Pacific Lines.

The Short Course is open to any man, woman, boy or girl who wishes to learn more about the solution of farm and home problems.

It affords the farmer a chance to take a good vacation at a low cost and at the same time learn something worth while, according to Mr. McGregor.

Work in agriculture will be held in the following departments: Dairy Husbandry, Poultry Husbandry, Animal Husbandry, Agronomy, Horticulture, Forestry, and Agricultural Engineering. There will also be demonstrations in improved farm machinery and home equipment.

Courses in home demonstration work, especially adapted to the interest and needs of girls and women from rural communities, will be given. These will consist of demonstrations in the improvement of self and the home, the care of food, the protection of the home and the ways of increasing the family efficiency and income.

A special feature of the Short Course will be a Poultry Judging Contest, a Grain Judging Contest, and Terracing Contest for boys. Loving cups and medals will be awarded.

Contests will also be held for the girls and women in buttonhole making, yeast bread making, and biscuit making, and awards will be made in several other contests.

Several groups of agricultural workers and organizations will hold their annual meetings during the Short Course. Among them are the following: The extension workers, consisting of County and Home Demonstration Agents and Specialists; the Superintendent of experiment stations; County School Superintendents; Agricultural Editors; Texas Bee Keepers; and Texas Farm Bureau Federation.

The Southern Pacific Lines are following their custom of cooperating with the farmers by continuing the custom started last year of giving a rate of one cent a mile from all points on their lines to College Station, with a minimum fare of \$1.50, according to W. C. McCormick, general passenger agent of the lines at Houston.

The round trip fare over the Southern Pacific Lines from Hondo to College Station will be \$4.90 via San Antonio and S. P. The tickets will be on sale from July 31 through August 4th. The final return limit is August 9th.

The round trip fare over the Southern Pacific Lines from Hondo to College Station will be \$4.90 via San Antonio and S. P. The tickets will be on sale from July 31 through August 4th. The final return limit is August 9th.

Meals will be furnished at the College Mess Hall at a nominal cost, and a room may be had in a dormitory at the rate of \$1.25 for the entire Short Course.

A weekly radio program is being broadcast from station KPRC at Houston from 7 to 7:30 P. M. each Thursday in which prominent agriculturists give reasons for attending the Short Course and its advantages.

EX-GOVERNOR JAMES E. FERGUSON.

WINDICATE THE WISDOM OF 1924 BY STANDING BY IT IN 1926.

Get your gas mask ready—the biggest stink is probably yet to come!

As FARMING goes to press we are in the hectic days of the gubernatorial campaign.

Before another issue can reach our readers the issue of the campaign will have been determined at the polls July 24th.

It is, therefore, our duty to warn our readers to go to the polls and do their duty by supporting the administration of Mrs. Ferguson, and not be deterred by any wild tales that will no doubt be sprung at the last moment.

Of all the men ever in public life in America none have ever been worse persecuted or pursued by a more relentless gang of political conspirators than Jim Ferguson.

Among all our distinguished governor's no one's administration has been more deserving of our commendation and endorsement than has the administration of Mrs. Ferguson.

Both considerations should prompt every one who believes in fairness and who is worthy of being called a democrat to vote to sustain the democratic precedent of more than fifty years by giving Mrs. Ferguson a second term.

Two years ago, the majority of the people of Texas said by their votes that they would have no more of this persecution.

And it was hoped and prayed that when Mrs. Ferguson went into office she would have the moral support of all.

But the vindictiveness of the apostles of hate was misjudged.

The conspirators turned to a new leader and the fight went on.

And we find the young and ambitious head of one department of our government prostituting his department to the crippling of the administration of the governor's office instead of lending his assistance in making it the great success for which all good people prayed.

Lending themselves to the furtherance of this conspiracy, an unfriendly press attempted to arouse and inflame the people against this merciful woman by misrepresenting her exercise of the pardoning power and making insinuations that the yellow streak leading to their pocket-book nerve would not let them put into words.

Falling in this, they tried the bolder stroke of raising the highway muss, which, after dragging it out

as long as they could and making it a rather expensive farce for the state, they were doomed to see dwindle out to a harmless political fizz.

Just as they were about to find themselves without a fake issue to hang a hope on, the unfortunate Archer County Road Bond decision came on and the same bunch, augmented by a bunch of bond crooks, sought to force Mrs. Ferguson to call an extra session of the legislature to no good purpose save to embarrass and harass her while a lot of bond sharks unload a lot of doubtful and depreciated bonds on a lot of suckers.

Unable to use her to their unholy purpose and bent on finding an issue upon which to condemn and discredit, they, as the latest of their stink-pot tactics, accused Jim of advocating repudiation of the state debt.

But in this, they threw their stink too soon; it bids fair, like the others, to remain only a foul smell in the nostrils of those who thought to profit by it before the election rolls around.

In the first place, the STATE'S credit is not involved. In the second place, the validity of certain district road bonds, illegally issued because a bunch of ignoramus in the legislature could not write a valid road-district law and some

a second term.

Quite a number from here attended the picnic at the Echle grove below LaCoste last Sunday. A big picnic dinner, band music and public speaking were the main features of the entertainment. Among those who spoke at the special request of the

management of the picnic were District Judge L. J. Brucks and County Judge R. J. Noonan of this place. Judge Brucks delivered a masterly discourse on the fundamentals of our republican form of government, giving some wholesome instruction on one's duty as a citizen. Judge Noonan gave a lucid review of the great achievements of Mrs. Ferguson's administration which entitles her to re-election to a second term, and pointed out specifically where the people of Medina County owe her a large debt of gratitude for having granted them many favors. It is confidently expected that the people of Medina Valley will do the handsome thing next Saturday by rolling up an overwhelming majority for Mrs. Ferguson.

PROPOSED AMENDMENT TO THE CONSTITUTION.

HOUSE JOINT RESOLUTION NO. 9.

A resolution proposing an amendment to Art. 7, of the Constitution of the State of Texas by changing Section 3, eliminating the provision authorizing the Legislature to create special districts and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. That Section 3, Article 7, of the Constitution be so changed as to read as follows: (creating new Section.)

"Section 3. One-fourth of the revenue derived from the State Occupation taxes and poll tax of one dollar on every inhabitant of the State, between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools; and in addition thereto, there shall be levied and collected an annual ad valorem State tax of such an amount not to exceed thirty-five cents on the one hundred (\$100.00) dollars valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this State for a period of not less than six months in each year, and it shall be the duty of the State Board of Education to set aside a sufficient amount out of the said tax to provide free text books for the use of children attending the public free schools of this State; providing, however, that should the limit of taxation herein named be insufficient the deficit may be met by appropriation from the general funds of the State and the Legislature may also provide for the formation of school districts by general laws; and all such school districts may embrace parts of two or more counties, and the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such districts, whether such districts are composed of territory wholly within a county or in parts of two or more counties, and the Legislature may authorize an ad-

ditional ad valorem tax to be levied and collected within all school districts heretofore formed or hereafter formed, for the further maintenance of public free schools, and for the erection and equipment of school buildings therein; provided that a majority of the qualified property tax paying voters of the district voting at an election to be held for that purpose shall vote such tax not to exceed in any one year one (1.00) dollar on the hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts, nor to independent or common school districts created by general or special law."

SECTION 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1926, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words, "For the amendment to the Constitution of the State of Texas eliminating the provision which authorizes the Legislature to create special school districts," and all those opposed shall write or have printed on their ballots the words, "Against the amendment to the Constitution of the State of Texas eliminating the provision which authorizes the Legislature to create special school districts."

SECTION 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution and existing laws of the State.

SECTION 4. That the sum of two thousand (\$2,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such publication and election.

Approved, April 4, 1925.

PROPOSED AMENDMENT TO THE CONSTITUTION.

SENATE JOINT RESOLUTION NO. 7.

Proposing an amendment to the Constitution of the State of Texas by amending Section 33 and Section 40 of Article 16 of the Constitution of Texas so as to permit officers of the National Guard, the National Guard Reserve, and the Officers Reserve Corps of the United States, and enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States to hold public office in Texas.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. That Section 33 of Article 16 of the Constitution of the State of Texas be amended so as to read as follows:

"The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit, under this State or the United States; except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States."

SECTION 2. That Section 40 of Article 16 of the Constitution of the State of Texas be amended so as to read as follows:

"No person shall hold or exercise, at the same time, more than one civil office of emolument, except that of Justice of the Peace, County Commissioner, Notary Public and Postmaster, officer of the National Guard, the National Guard Reserve, and the Officers Reserve Corps of the United States, and enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, unless otherwise specially provided herein. Provided, that nothing in this Constitution shall be construed to prohibit an officer, or enlisted man of the National Guard, and the National Guard Reserve, or an officer in the Officers Reserve Corps of the United States, or an enlisted man in the Organized Reserves of the United States from holding in conjunction with such office any other office or position of honor, trust or profit, under this State or the United States."

SECTION 3. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday in November A. D. 1926, at which all ballots shall have printed thereon:

"For the Constitutional Amendment permitting officers and enlisted men of the National Guard, and the National Guard Reserve, and officers of the Officers Reserve Corps of the United States, and enlisted men of the Organized Reserves of the United States, to hold other offices or positions of honor, trust or profit under this State or the United States," and:

"Against the Constitutional amendment permitting officers and enlisted men of the National Guard, and the National Guard Reserve, and officers of the Officers Reserve Corps of the United States, and enlisted men of the Organized Reserves of the United States, to hold other offices or positions of honor, trust or profit under this State or the United States."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

SECTION 4. The Governor shall issue the necessary Proclamation for said election, and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such amendment shall be paid out of proper appropriation made by law.

MRS. RIEBER AND HER CHILDREN.

One day while I was trying to write I put my children out side, For they were always at my side When I tried to use the type.

Now one of them is crying, So I must go out flying Now what is the matter with you? Shut up or I'll use my shoe.

The one that was crying was "Sonnie."

Sis says, "Mother, that wasn't funny—

He slipped in the dirt, That was the way he got hurt."

Mother picked up her boy,

Then his little heart was filled with joy—

Mother gave him a squeeze,

That was the way he got pleased.

—Mrs. Edgar Rieber.

BOY SCOUT CAMP.

A Boy's camp will be opened on Devils River near Del Rio, August 12 to 21.

This camp is for all boys who wish to be Scouts who can get the permission of their parents or guardian and a Doctor's Certificate.

This is a wonderful opportunity for the boys to get out in the open and enjoy camp life under proper supervision.

The cost for the entire 10 days, including transportation to and from Hondo will only be \$5.00. For further information see Dr. Thomas B. Knopp, local chairman, or write The Boy Scouts of America, Uvalde, Texas.

MAKES A LONG DRIVE.

David Holloway, the 15-year old son of Mr. Will Holloway, who accompanied his uncle and aunt, Mr. and Mrs. Grover C. Goff, on their trip to Colorado which terminated in the death of Mr. Goff at Pueblo, Colorado, was left to bring back Mr. Goff's car alone. He made the trip of over a thousand miles in four days, arriving safely in San Antonio Monday.

Considering the age of this youth, it was a rather remarkable trip and his arrival brought considerable relief to an anxious father.
